THE HISTORY OF EGGS BENEDICT

Legend has it that sometime between 1860-1880, at the iconic Delmonico restaurant in New York, LeGrand Benedict, a loyal customer, reportedly complained to the head chef about their boring menu. The famous chef Charles Ranhofer took up to the challenge with great inspiration, serving a never before seen egg-based dish. Today, in LeGrand Benedict's honor, we encourage you to savor every moment and never settle for less than EGGstraordinary dishes

EGGcellent nutritional value

2 eggs provide approximately 140kcal/100g and cover 10%-30% of the daily vitamin requirement. The yolk contains, among other things, large amounts of vitamins A, D, E, K, B1, B2, B5, B6, B9 and B12, and the egg white completes the nutritional profile with significant amounts of vitamins B2, B3 and B5.
